

Suitable for notebooks up to 15.6"

### All-purpose notebook mobile cart Atdec A-NC

The Atdec A-NC all-purpose mobile notebook cart incorporates a range of clever features to enhance the use of notebook computers (up to 15.6") in a range of working environments. Ergonomic, hands free and gas strut assisted height adjustment is incorporated to provide support for sit stand environments while the lockable work surface enhances security. The work surface also offers protection for notebooks in dirty environments by concealing components and encouraging the use of an external keyboard and mouse (via retractable keyboard and mouse tray). It incorporates high quality, soft edged and lockable castors for added stability and a push pull handle for easy cart mobility. Cable management is handled internally and includes a power supply and cable storage area at the rear of the cart.

### Product key features:

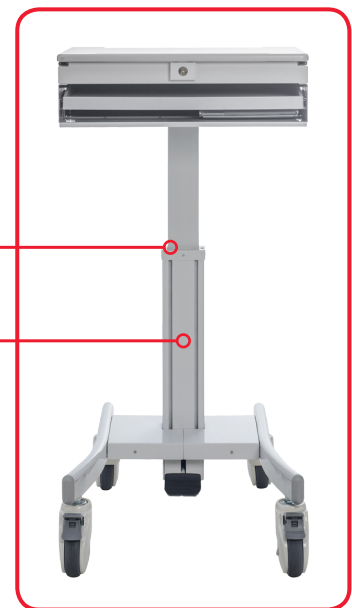

- Supports notebooks up to 15.6"
- Ideal for medical environments
- Durable Steel, Aluminium and MDF construction
- Offers protection for notebooks in dirty environments

Internal cable management with power supply and cable storage at rear

325mm of height adjustment
